Social Media Conduct Policy

Riverhead Raceway recognizes that social media plays a major role in how our sport is viewed by fans, sponsors, and media outlets. Public posts can have a direct and damaging impact on the reputation of the Raceway, its competitors, and its partners.

Any public social media posts, comments, or shared content that are misleading, inflammatory, defamatory, or intentionally negative toward Riverhead Raceway, its officials, staff, sponsors, competitors, fans, or media partners will not be tolerated.

This includes, but is not limited to:

- Spreading inaccurate or incomplete information
- Publicly attacking track decisions or officials
- Posting content that harms sponsor relationships
- Encouraging negativity toward fans or media coverage
- Repeated public complaints instead of using proper communication channels

All concerns or disagreements must be addressed directly with Raceway management through appropriate channels. Social media is not the place to resolve internal matters.

Violations of this policy may result in the individual no longer being welcome on the premises at Riverhead Raceway. This determination will be made at the sole discretion of Raceway management based on the nature and impact of the content.

Riverhead Raceway is committed to protecting its fans, sponsors, and media partners while continuing to grow the sport in a positive and respectful manner. All participants are expected to uphold this standard.

Race Control, Race Procedures & Tap-Out Rule

Any questions or concerns regarding Race Control, officiating, or race procedures must be addressed prior to your event or at the conclusion of the night's events, and only at the Raceway Rear Office or the Raceway NASCAR Office.

Competitors may approach Raceway officials at those times to ask questions. All interactions must be conducted calmly, respectfully, and with dignity. Disrespectful or confrontational behavior toward Raceway officials will not be tolerated. Raceway staff will make every effort to answer questions and provide clarification.

Tap-Out Rule (On-Track Responsibility Option)

Riverhead Raceway will institute a Tap-Out Rule to promote accountability, sportsmanship, and clean racing.

If a driver makes contact with another car resulting in a caution, and believes they were the cause of the incident, the driver may tap the roof of their car in the designated area located at the start-finish line to indicate acceptance of responsibility.

By tapping out:

- The affected car may be returned to the position it held prior to the incident
- The driver who taps out will restart at the rear of the field
- This option must be clearly indicated in the designated area immediately following the event

This rule allows drivers to take responsibility, reduce disputes, and maintain a respectful and professional racing environment. Race Control and Raceway management retain full discretion regarding the interpretation, application, and enforcement of this rule.

General Rules

All rules are subject to change to ensure fair competition, safety, or any other reason deemed appropriate.

No equipment shall be considered approved by reason of having passed through inspection unobserved.

The promoter or Race Director has the right to reject the entry of any car or driver.

The consumption of alcoholic beverages on the racing premises or prior to entering the pits is strictly forbidden until all racing events have been completed. Anyone caught violating this rule is subject to suspension.

No driver, owner, or mechanic shall participate in fights in the motor pits or on Raceway premises at any time. At all race events, the driver assumes full responsibility for the actions of their pit crew in every aspect.

The track and/or division inspectors reserve the right to subject any car to inspection at any time.

Failure to submit to inspection will result in immediate disqualification, loss of money, and loss of all points for the night. The car will not be permitted to compete again until an inspection has been completed. Officials reserve the right to confiscate any unsafe or illegal equipment.

No driver may exit their race car or cross the racetrack while a race is in progress unless exceptional circumstances exist, such as fire or immediate danger.

Crew members are prohibited from entering the racetrack.

Anyone caught tampering with another competitor's car will be suspended indefinitely.

Anyone caught rough riding will be penalized at the discretion of the official in charge and may be subject to fines or further disciplinary action.

Fuel

Riverhead Raceway has maintained a long-standing partnership with **Sunoco Race Fuels**, which is the **official fuel of Riverhead Raceway**. In support of this partnership, all competitors are required to purchase a minimum amount of Sunoco fuel per event. Fuel purchases will be **tracked through the scan program**, and we appreciate everyone's cooperation in helping us maintain this program.

- **NASCAR Weekly Series divisions:** Minimum purchase of **five (5) gallons per event**.
- **INEX divisions (Legends and Bandoleros):** Minimum purchase of **three (3) gallons per event**.

Fluids

1. All divisions must have containers and drain pans to contain all fluids in the vehicle.
2. No antifreeze permitted at any time.

In-Vehicle Radio Communications

All in-vehicle radios must be analog only and must not be capable of transmitting or receiving in a digitized, encrypted, or scrambled format, as determined by NASCAR.

Keypad-style and/or password-protected radios are not permitted.

Scanning and/or channel-hopping transmissions to or from the in-vehicle radio are prohibited.

All transmissions to and from the in-vehicle radio must operate within the 450.000–470.000 MHz range.

Only one NASCAR-approved two-way radio and one push-to-talk button are permitted in the vehicle. The radio may not contain the frequency of any other competitor at any time.

During all practice sessions, qualifying, and races, the spotter must maintain radio communication with the driver and must monitor the NASCAR frequency.

Spotters must remain in the designated spotter location (front stretch grandstands, left of the communications tower) during competition.

Driver-to-driver radio communication is prohibited.

Divisions permitted to use two-way communication:

- Modifieds
- Late Models
- Super Pro Trucks
- Riverhead Crate Modifieds
- Figure 8

The following divisions must always monitor the NASCAR frequency; however, two-way communication in any form is prohibited. Only a receiver locked to the NASCAR frequency is permitted:

- Blunderbust
- INEX Legends
- Bandoleros
- Street Stock
- Mini Stock

Licenses

All drivers must possess a valid NASCAR license. Anyone competing without a current license will be suspended indefinitely and may be subject to fines.

Riverhead Raceway and/or NASCAR reserve the right to approve or reject any license application. A license may only be used by the individual to whom it is issued. Any member who allows another person to use or attempt to use their license will be subject to disciplinary action.
